

PROJECT

Develop the software system MultiItemOnline (**MIOStore**) which sells items online including books, electronics, computers, mobile phones, clothes...(*each/1 student*). Your tasks are as follows:

Assignment 1

- Due date: 13/04 (2 weeks for group with 2 slots/week)
- Due date: 20/04 (3 weeks with 1 slot/week)

1. Investigate and write reports about websites such as ebooks, ebay, amazon...to discover their functionalities, activities, interfaces...
Each website for each student
2. Write in natural language (English or Vietnamese) a proposal of functionalities, interfaces... of the system **MIOStore** you intend to develop.
Separate tasks for each student
3. Construct the use case diagram for the system. Write scenarios and user stories (for Agile approach)
A general use case diagram & each sub use case diagram for each student

Tony goes out of the house because with Sali, but her son's fingers get angry as he practices a new kind of wheelchair. While wandering the streets of St. Petersburg, his son, he encounters a survivor, a very old man who appears confused and anxious. Tony and the new arrival exchange words like a whale and then begin walking. Tony remembers his grandfather and immediately chooses the survivor all the way home.

When he arrives home in the evening, Tony finds Aunt Polya waiting for him. She notices his distant behavior and smirks. She asks him what he did today, a Saturday, as punishment.

About your cart

Why use shopping cart?
Are items in my cart reserved for me?
Why are auction or best offer items in my cart?
Where can I see the items I'm bidding on?
If I buy from different sellers, will I need to pay separately?
Can I pay for items from more than one seller or different types of transactions in one payment?
